

Dear PECO Customer:

At PECO, we put our energy into providing you with safe and reliable electric and natural gas service. As part of our commitment, we are working to improve natural gas service for you and your neighbors.

During the next few weeks, we will be upgrading our natural gas equipment in your neighborhood. This work includes installing natural gas main and/or service lines, which improves service.

Work will occur in the vicinity of [Jennersville Rd & Faggs Manor Rd], from 7 p.m. – 5:30 a.m. This work may occur in roadways as well as on sidewalks and potentially on your property.

Project work is expected to begin [May 4, 2015] and should last for approximately [12] weeks.

We will work to minimize the impact this project will have on you and your neighbors.

Permanent ground restoration work will begin within 60 days of the completion of construction work, weather permitting. The impacted areas of your property will be repaired and the streets will be repaved. All areas will be restored to their original condition.

This work will be performed by Utility Line Services Inc., contractor for PECO. If you have any questions regarding this project and for scheduling purposes, please contact Utility Line Services Inc. at 610-716-0699.

Thank you in advance for your patience and cooperation as we complete these improvements.

If you would like to inquire about a new natural gas service please contact our Contractor & Builder Services at 610-725-7160.

Sincerely,

PECO Gas Operations
