

Thank you from the Penn Township Board of Supervisors!

Dear Neighbors,

We like to say, "It's always sunny in Penn Township", and Saturday, Sept. 27, 2014 was no exception. With perfect weather, rides and amusements, a chicken barbeque, Jesse Garron's Live Elvis Tribute Show, Coast 2 Coast Motown Band, Jungle John, the Philadelphia Eagles Cheerleaders and more our event was the best yet!

For the past ten years, Penn Township has proudly and successfully partnered with its next door neighbor, the Jennersville Regional Hospital to create a community event which shares the message of what Penn Township is all about.

Surrounded by institutes of health, wellness, and fitness such as the hospital, Jennersville YMCA, doctors' and dentists' offices, Penn is home to regional health care and fitness. With the presence of the Avon Grove School District, the Chester County Technical College High School at Pennock's Bridge, and the Delaware County Community College, Penn Township is a center of learning and a place where futures can be found. As a commercial center for the region, Penn Township offers jobs and security close to home. As a home to many seniors, Penn Township is a great place to retire.

Good food, health, wellness, and community are the hallmarks of our township and our annual picnic. We thank the generosity of the Jennersville Regional Hospital and our sponsors for keeping this picnic a free and popular event for southern Chester County for ten years running.

Please join us on Saturday, Sept. 26, 2015 for the 11th Annual Penn Township Community Picnic and Health and Wellness Fair — we are already planning. Join us, won't you?

Respectfully, Curtis Mason, Sr., Board Chair

This event has been made possible through the generous donations of our sponsors — please patronize their businesses!
